HUNDON CRAFT GROUP

Our May meeting was spent planning our contribution to the Annual Show in September. Our aim is to produce a miniature 'Crafters' Garden' using one of Jill Chinery's Dolls Houses as the backdrop. It was a lively session with some interesting ideas as to how we can create miniature walled gardens, patios, paths, plants and other garden features.

The dates for our next three meetings when we will be working on our garden are:

Friday 7th June

Friday 12th July; and

Friday 2nd August – all at Timbertops, Brook Close from 10.00 -12.00.

If you would like to join us or need more details, please contact Sandra on 786410 or Beryl on 786727.

HUNDON WI

Following our annual meeting in May we had Jill Brown, Fiona Lodge and Pat Smith from Hundon visit us to talk about the Hundon Hedgehog Rescue Centre. Based in Jill's back garden in refurbished, double glazed comfort (Jill's birthday request to her husband) 40 hedgehogs were brought safely through this winter alone.

Starting with one baby hedgehog ten years ago, both knowledge and expertise have expanded, with hedgehogs brought to the rescue centre from as far afield as Felixstowe, such has their reputation spread throughout the veterinary loop and the British Hedgehog Society.

Jill's tireless work aided and abetted by Fiona and Pat and their band of helpers left us full of interest and admiration for their achievement and commitment.

Our next meetings will be our members summer outing and a garden party. July will be back to normal at the Village Hall.

LETTER FOR THE PARISH MAGAZINE

Then God said, "Let us make humankind in our image, according to our likeness; and let them have dominion over the fish of the sea, and over the birds of the air, and over the cattle, and over all the wild animals of the earth, and over every creeping thing that creeps upon the earth."
(Genesis 1.26)

These words from the Old Testament book of Genesis lie very heavily on me, and possibly on many other people too. As I write this, the news has been full of devastating facts and figures about the impact human beings have had, and are having, on our world, and the ecological crisis that faces us all. Now we have been informed that around one million species, including plants and animals, are threatened with extinction within decades - possibly during our lifetime, and certainly during our children's and grandchildren's lifetime. This makes for difficult and extremely uncomfortable reading, coupled with a sense of sheer impotency. How have we ended up in such a mess, and what on earth can be done to halt this?

According to research, plastic pollution has increased ten times since the early 1980s, and I can well believe this. I recall a few years ago travelling by ship between Singapore and India, and being aghast at the plastic waste floating alongside, for miles and miles and for days and days, as we made the journey to Chennai. It was truly dreadful. We dump millions of tonnes of toxic waste into the seas, and our insatiable appetite for cheap food, clothing and other items fuel the fire that seems to be out of control. Coral reefs have halved; there is pressure on land where crops are grown, deforestation, and wetlands that have been ravaged even more than the forests. Biodiversity is in decline – in short, we are simply plundering the resources of both land and sea, to such an extent that one wonders if there is any going back.

When God handed human beings the keys to His creation, He did so in the hope and trust we would treasure His world, and that we would tend and care for it as He tends and cares for us. The words from Genesis indicate that God made us to be reflections of Him, because He made us in His likeness. If we are to be true reflections of our creator God, then we should have some of His characteristics as well – including loving the world and all that He created. If we are to love our neighbour as Jesus taught us, then that extends to creation. Harm that and you harm your neighbour, especially the world's poor, onto whom the threat of climate change falls more heavily.

Thank God many of us are very importantly 'doing our bit', by recycling, cutting down on waste – yes, apparently we waste one-third of all our food; making informed consumer choices and more - but if world leaders aren't behind this, then our efforts are just a drop in the ocean. World leaders need to take this absolutely seriously in terms of what the scientists call "transformative change" that will shift us away from the situation we are in towards one that will help us rebuild a viable and sustainable planet. It must be a joint, cohesive and worldwide effort if it is to work at all. Let us pray that sense will prevail, and that worldwide action to halt our destructive impact will happen – and soon.

As custodians of this planet, we would do well to remember the following words from Psalm 26.1 :

"The earth is the LORD's and all that is in it, the world, and those who live in it."

HUNDON HAWKS U13'S END OF SEASON REPORT

After a difficult season the Hawks finished with a respectable 10 points (3 wins and a draw) and avoided finishing bottom of the table by beating Haverhill Rovers 1-5 in our last away fixture.

The coaches remarked early on in the campaign (when it was evident the team was perhaps playing a division or two higher than we'd expected) that it could only improve their game by playing against better teams. What we weren't expecting was to see how strong the boys were as a group and how they stuck together through it all. It makes the finishing position and final points tally seem insignificant.

Hopefully next year will see us pitched in a division where we can once again enjoy competitive fixtures.

We brought the season to a close with the now well established parents vs lads match which was followed by the presentation of trophies.

Hotdogs, burgers, cakes, ice creams and other refreshments were served and enjoyed. Thanks to all who helped with that (you know who you are) and especially to Pauline and Katrina who have been fantastic all season.

It is a testimony to how much the coaches have improved the team when I say that for the first year the adults were quite comprehensively thrashed and generally run ragged. In previous years I seem to recall having to let the boys have a sporting chance in this fixture but this time they ran rings around us.

We all watched them at each game but it wasn't until we played against them, tried to keep up with and catch them, or tackle them that we realised how much faster, stronger and better they have become.

Well done Alan and Graham. I know you are proud of them.

As we will be playing 11 vs 11 next season and have lost a couple of players we would be keen to hear from anyone who is interested in signing on and is currently in school year 7 or 8. Just give me a call on 07880771878.

Finally can I just record a thank you from the lads for the very generous donation received from a kind couple who live close to the field and enjoy hearing the team training and playing so much that they simply wanted to contribute something to help the club.

The team badly needed new kit as well as new goalposts and we are all very grateful for this kind gesture.

Saturday 27 April -

'No Work Gardening' with **Star Speaker, Bob Flowerdew**. The village hall was full and buzzing with anticipation, ready to listen to Bob, and we were not disappointed. His easy manner and dry wit kept us entertained and amused. Following his talk and Q&A session there were tea and biscuits, raffle tickets to buy.

Bob brought some unusual seedlings, seeds and books for sale and several people enjoyed chat with Bob while he signed books. He very generously donated two books to our raffle. All in all, he is a super speaker very easy on the ear and it was an enjoyable way to spend a Saturday afternoon. Seeing and speaking to one of Gardening's Greats, as was Pippa Greenwood last year.

May

Thursday 16 – Neil Dickinson from Haverhill Wildlife Group – 'Coming back to Butterflies'. An unusual talk, as Neil showed us how his life, with its ups and downs, had influenced his huge interest in butterflies and still does. He waived a speaker's fee so we will be making a donation to the

St Nicholas Hospice in Bury St Edmunds at Neil's request. The picture shows a Gatekeeper butterfly.

Sunday 26 – Garden visit to 'Two Cottages' at Chrishall, Saffron Walden. Visit recommended by a member.

HUNDON VILLAGE SHOP NEWS

June and summer sunshine again...we hope! The shop is all set to meet your needs for treats and ice creams with teas and coffees to be enjoyed sitting at the picnic tables with your friends. Locally sourced fresh produce is also available...allowing you to do your bit for reducing your environmental footprint. Come and see what we have to offer.

The shop would like to say a big "thank you" to David Mitson, who has come to our rescue once again and made a fantastic new noticeboard. The old one had become unusable and David stepped in to make us a new one that is both serviceable and attractive. Many thanks, David.

OPENING HOURS:	
Mon.	to
Tues.	to
Wed.	to
Thur.	to
Fri.	to
Sat.	to
Sun.	to

Please will shop users note the opening hours of the shop and post office. **The shop is open at 8.00am during the week and closes at 5.00pm. The post office is only available until 1.00pm though. Saturday is a bit different...shop opens at 8.00am but closes at 1.00pm. Sunday is different again! We open at 10.00am and close at 12.00pm.**

Please will folk realise that just because the volunteers are there doesn't mean they are ready to open. There is much to be done and volunteers get there early to sort and check the papers...and with all the inserts that need to put into the papers (especially on Sunday) that takes some considerable time.

Then we need to check the fridges and freezers, monitor the shelves to make sure no produce is past its sell by date or make price reductions where we can. We then need to warm up the photocopier ready for your use and make sure the coffee machine is filled and ready.

If we can open early...we will, but it is unhelpful to have people knocking the door and expecting to be served before we are ready.

Your understanding and support in this is much appreciated. Similarly, at the end of hours, volunteers are still working to close up properly and cash up. This also takes time...but when we are closed...we are closed and we cannot open up again.

BROXTED SOLAR COMMUNITY FUND FOR HUNDON

This was established following the completion of the solar farm in 2014. To date the Fund has awarded a total of £45,500, benefitting the Primary School, Pre-School and various clubs and organisations. We invite applications for this year and will welcome any that can be shown to bring material benefit to make our village an even better place in which to live and enjoy!

APPLICATIONS FOR FUNDING - 2019

The main features of the Community Fund are summarised: -

- This year the total amount awarded will be £10,500. This will include a direct annual payment of £1,500 to Hundon School.
- The balance of £9,000 will be awarded to organisations or groups within Hundon. To receive an award from the Community Fund, an application must make a material change or create material benefit for the Community in and around Hundon, and may include revenue items as well as capital payments.
- The minimum award through the Community Fund will be £1,000 as any applicant must demonstrate 'material change' or 'material benefit' for the Community i.e. not narrowly focused or small in size or scope.
- The Community Fund is run by the Community Fund Group who will meet to discuss the merits of each application to determine whether or not they qualify for funding and if so how much will be awarded. At any one time the Group will consist of four members:
 - The Chairman or Representative of the Parish Council – currently Geoff Spooner
 - The Chairman or Representative of the Village Hall Committee.
 - One other representative of the Hundon Community with wide knowledge and experience of it - currently David Rowlinson who was Parish Council Chairman when the proposal for Broxton Solar was presented at a meeting which was also attended by Dorothy Whittaker who was Hundon's Borough Councillor at the time.
 - A representative of Navigator Land LLP, the owners of Broxton Estate (and hence landlords of Broxton Solar) - the first such representative being Charles Ryder. David Rowlinson acts as Chairman of the Community Fund Group and Charles Ryder/ Navigator Land LLP administers it.

If your club or Organisation has a project requiring funding and which meets the above criteria, submit details of what any award will be used for and where it involves the purchase of equipment or services should include more than one quote. Please note that all applications must be for projects which require £1,000 or more and which will be completed within 1 year of receipt of the award.

Applications should be emailed to Charles Ryder at charles@gbfco.com by 30th June.

During the ensuing two weeks, the Community Fund Group will consider the applications seeking, where necessary, further information. The Group will then make recommendations to Broxton Solar as to which applications should be awarded funding and payments are anticipated to be made by the end of August. Depending on the total sum requested from all applications, some which qualify may not receive an award this year, but such projects can apply again next year.

The Community Fund Group looks forward to receiving applications in the coming weeks. We very much hope that Broxton Solar's Community Fund will continue to be of great benefit to the Community of Hundon over the coming years.

HUNDON COMMUNITY CAFÉ
 at your **VILLAGE HALL** every **THURSDAY**
 2.30 - 4.30 pm

Look out for the blue spotted teapot sign

It was lovely to see some Year 6 children from the school after a week of sitting their SATs tests. I hope some of you had some lovely memories of your younger days when you used to come to cafe with your mums and siblings?

CUPCAKE DAY will soon be here again!
Thursday 13 June we will be holding our second cupcake day supporting The Alzheimer's Society.
Look forward to seeing you there!

Would you like to be a volunteer and help us in the kitchen? Our numbers are dwindling due to other work commitments, health and increasing age!! Although we do have 8 volunteers, we really could do with 2 more. Although we are all female, males would be welcome!!

You can contact me on jburrows60@hotmail.co.uk or call me on 01440 786554

Come and join us for an afternoon of socialising with friends and enjoy tea and cake. We make the tea, bake the cakes and do the washing-up!

Cakes and scones are all home made and the chat and laughter is free!

Janet Burrows

PS thank you Paul for always remembering to put out the blue teapot sign!

NEIGHBOURHOOD WATCH
– Tip for June

An easy and low cost way to discourage shed or garage burglars is to fix one or two 110+dB 'rape alarm' to the rafters, away from the entrance door, and connect the activation pin by string to a hook on the inside of the door. Around £5 each from online retailers, the interior noise will encourage thieves to leave promptly before someone comes to investigate. In the rafters they should find it difficult to replace the activation pin(s) quickly.
